Caledonia’s Dividend Policy

Caledonia’s long term strategy to maximize shareholder value includes a quarterly dividend policy. In 2014, the Company paid an annual aggregate dividend of six Canadian cents (\$0.060) per common share. The first quarterly dividend was paid on January 31, 2014 and subsequent quarterly dividends were paid at the end of April, July and October 2014 and at the end of January 2015.

It is currently envisaged that the existing dividend policy of 6 cents per annum, paid in equal quarterly instalments will be maintained. Caledonia will continue to maintain its strong financial position so that it can implement its stated growth strategy without the need to raise third party finance.
