INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This Management Proxy Circular is furnished in connection with the solicitation by and on behalf of the management of Caledonia Mining Corporation (the "Corporation") of proxies to be used at the Annual Meeting (the "Meeting") of Shareholders of the Corporation to be held on Thursday, May 31, 2007 at 10.00 am local time, in Boardroom 44-01, 44th Floor, Scotia Plaza, 40 King Street West, Toronto, Ontario, Canada for the purposes set forth in the accompanying notice of meeting. It is expected that the solicitation will be primarily by mail but proxies may also be solicited personally or by telephone by employees or agents of the Corporation. The cost of any such solicitation by management will be borne by the Corporation.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are directors of the Corporation. A shareholder desiring to appoint some other person to represent him at the Meeting may do so by inserting such person's name, which need not be a shareholder of the Corporation, in the blank space provided in the form of proxy and striking out the names of the persons specified or by completing another proper form of proxy. In all cases, the completed proxy is to be deposited at the registered office of the Corporation or at the offices of Equity Transfer & Trust Company, Suite 400, 200 University Avenue, Toronto, Ontario, M5H 4H1 not later than 4:30 p.m. (Toronto, Canada local time) on Tuesday, May 29, 2007.

A shareholder giving a proxy has the right to revoke the proxy by instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing and deposited at the registered office of the Corporation at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the date of the Meeting, or any adjournment thereof, or in any other manner permitted by law.

EXERCISE OF DISCRETION BY PROXIES

The persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. In the absence of such direction, such shares will be voted FOR all of the matters referred to in the Notice of Meeting and the re-election of the existing Directors and the election of any new directors.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to any amendments or variations to matters identified in the notice of meeting and with respect to other matters which may properly come before the Meeting. At the time of printing this management proxy circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

On March 31, 2007, the Corporation had outstanding 457,981,021 common shares, each carrying the right of one vote per share. To the best of the knowledge of the directors and officers of the Corporation, no person beneficially owns, directly or indirectly, or exercises control or direction over, shares carrying more than 10% of the votes attached to all issued shares of the Corporation.

The Board of Directors of the Corporation has fixed the record date as April 24, 2007 for the purpose of determining who is entitled to receive Notice of Meeting. Shareholders entitled to vote at the meeting will be the shareholders of record at 10:00 a.m. (Toronto, Ontario time) on May 30, 2007. The failure of any shareholder to receive notice of the Meeting shall not deprive the shareholder of voting at the Meeting.

ELECTION OF DIRECTORS

All of the nominees are now members of the Board of Directors and have been since the dates indicated. Management does not contemplate that any of the nominees will be unable to serve as a director but, if that should occur for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee in their discretion. Each director elected will hold office until the next annual meeting or until he ceases to be a director. The names of the persons who will be nominated at the meeting for election as directors are set out below.

Mr. Ian Forrest, who has served as a Director of the Company since its formation, and who is a member of a number of the Board Committees, has advised that he will not stand for re-election at the Meeting. APPOINTMENT OF AUDITORS

The shareholders will be asked to vote for the appointment of BDO Dunwoody LLP as Auditors of the Corporation, to hold office until the next annual meeting of shareholders or until their successors are duly elected or appointed, at remuneration to be fixed by the Board of Directors. Approval of the ordinary resolution requires the affirmative vote of a majority of the votes cast in respect thereof by holders of Common Shares represented at the meeting.

ADOPTION OF STOCK OPTION PLAN

The shareholders will be asked to approve the Company's adoption of a Stock Option Plan ("Plan") dated April 10, 2007 which has been approved by the Company's Board of Directors subject to shareholder approval. In some previous years shareholders approved predecessor stock option plans which contained specifications of the specific numbers of shares of the Company which could be optioned under those plans. All of the options which are presently outstanding – as to 17,238,000 shares, as detailed in Note 5 to the Company's December 31, 2006 audited annual financial statements – have been granted pursuant to those specific earlier plans.

It was an objective of the earlier plans that at no time would the Company have options outstanding on shares which exceeded 10% of the then issued shares of the Company.

As is now more common practice with public Canadian corporations and as is allowed by the Toronto Stock Exchange, the Company proposes the adoption of the Plan. The principal terms of the Plan are that:

- (a) the total number of options that the Company has outstanding at any one time – including those issued under predecessor plans – can never exceed 10% of the issued shares of the Company;

- (b) the terms and the exercise prices of options granted will at all times be entirely within the policies and rules of the Toronto Stock Exchange;
- (c) options will only be granted to Company directors, officers, employees and service providers;
- (d) options will only be granted which have been approved by the Compensation Committee and the Board of Directors.

A copy of the Plan is attached as Appendix "A".

Termination of Employment, Change of Responsibilities and Employment Contracts

There are no service contracts between Caledonia and any of the Directors of Caledonia or its subsidiaries except for (i) a "Key Executive Severance Protection Plan" between Caledonia and S.E. Hayden dating from 1996 and (ii) the indirect employment of Mr. S.E.Hayden through a management and administrative agreement. The "Severance Plan" calls for severance payments to these executives if employment is terminated as a result of a change of control of Caledonia. The corporation has an agreement with Mr. Pardoe as Chairman and for compensation of services provided to Caledonia, in addition there are letters of appointment with Messrs Fasel, Forrest, Harvey and Jonsson.

Composition of the Compensation Committee

The Corporation has a Compensation Committee (“Committee”) comprised of four members. All issues as to compensation of the Officers are considered by the Committee, the members of which, during the fiscal year ended December 31, 2005, were G.R. Pardoe (Chairman), C. R. Jonsson, W. I. L. Forrest and S. E. Hayden. Mr. S. E. Hayden as President and CEO of the Corporation is therefore an inside director. Mr. Hayden abstained from voting on compensation matters pertaining to him. Mr. G.R. Pardoe was appointed as a fourth member of this committee in March 2005. Since March 2005 Mr. Pardoe has provided the company with consulting services for which he has been compensated. He has therefore been a service provider within the past three years and may be considered a related director under recently adopted Ontario Securities Commission (“OSC”) rules. Mr. C. R. Jonsson was granted 1,000,000 stock options in 2002 in lieu of being paid for legal services provided by him. Mr. Jonsson continues to provide the company with limited legal services and has been paid for these services at normal rates since April 2005. He has therefore been a service provider within the past three years and is not considered an independent director.

The board has adopted a Charter of the Compensation Committee which may be viewed on the Company’s website.

Compensation Policies

While the Board has not adopted a written policy concerning the compensation of executive officers, it has developed a consistent approach and philosophy relating to executive compensation. The overriding principles in the determination of executive compensation are the need to provide total compensation packages that will attract and retain qualified and experienced executives, to reward the executives for their contribution to the overall success of the Corporation and to integrate the longer-term interest of the executives with the investment objectives of the Corporation's shareholders.

Executive compensation at the Corporation has two principal components: salary and stock options. The Committee is mindful that the Corporation competes within the framework of the international mining industry. The Compensation Committee is of the view that a competitive salary level is appropriate for the executive officers, as their total compensation package should emphasize salaries and the stock options granted by the Corporation. The Chief Executive Officer of the Corporation is one of the named executive officers and therefore his compensation is determined in the same manner as for the other executive officers of the Corporation but with the proviso that he abstains from discussion and voting on any such personal compensation determination.

Compensation of Directors

The compensation committee, consisting of one independent director and three who are not independent (see above), reviews the compensation paid to directors annually. Based on compensation paid to directors at other companies comparable to Caledonia and on the additional risks and responsibilities assumed by the directors it recommends compensation paid to Caledonia’s directors. Effective July 1, 2004 each of the directors, including directors who are officers of the Corporation, is entitled to an annual director's fee of \$10,000 Canadian and out of pocket expenses relating to attendance at a board or committee meeting. Prior to 2004 directors were paid an annual directors fee of \$5,000. For 2004, Mr. Fasel, who joined the board at mid-year was paid \$5,000 on a pro-rata basis, the other five directors were each paid \$7,500 for 2004. The Corporation obtained, in June 2003, liability insurance for directors and officers of the Corporation and its affiliates with coverage of \$1,000,000 Canadian per occurrence and in the aggregate. In February 2005 Mr. Pardoe was appointed a director of Caledonia and as Chairman of the Board with an annual fee of \$30,000 to be paid quarterly, he is also compensated at \$3,000 per day for services provided to Caledonia. Mr. Liverant was appointed to the Board in January 2007 at which time he was paid one-half of his director’s fee for 2007.

Effective July 5, 2005 each of the non-executive directors is compensated for time spent in preparing and participating in telephone conference Board and Committee meetings and for travel and attending Board meetings being:

- \$275 per hour for preparation for and participating in telephone meetings of the Board and Committees;
- \$3,000 per day for participating in meetings of the Board and travel time to get to and from the location of a board meeting.

It was understood that should the corporation’s treasury be unable to afford this compensation, these payments would be deferred until adequate funds were available. To date no such compensation, totaling \$ 48,520, has been paid for time spent in connection with Board meetings in 2005 or 2006.

CORPORATE GOVERNANCE PRACTISE

In June 2005 the Ontario Securities Commission (“OSC”) adopted National Instrument 58-101 (“NI 58-101”) Disclosure of Corporate Governance Practices, which replaces the TSX Guidelines of previous years. This Instrument requires the issuer to include in its management information circular the disclosure required by Form 58-101F1. The Corporation's Statement of Corporate Governance Practices, which has been prepared by the Corporate Governance Committee in terms of Form 58-101F1, follows:

Mandate of the Board

The Board of Directors of the Corporation is responsible for the overall stewardship of the Corporation, and has full power and authority to manage and control the affairs and business of the Corporation. The mandate of the Board of Directors is detailed in the “Charter of the Board of Directors” which is attached to this Information Circular as Appendix A and can be viewed at the Corporations head office, at the Annual Meeting of Shareholders and on the Corporation’s website at www.caledoniamining.com.

Amongst other things, the Board is responsible for:

1. supervising the officers of the Corporation in their management of the business and affairs of the Corporation;
2. adoption of and managing the Corporation's strategic planning process;
3. identifying and managing principal risks to the Corporation's business;

4. succession planning including the appointment, training, monitoring and appraisal of senior officers of the Corporation;
5. overseeing the administration of a policy for communications by the Corporation with shareholders, the investment community, the media, governments and the general public;
6. examination, through its Audit Committee, of the effectiveness of the company's internal control processes and management information systems. The Board consults with the VP Finance and management of the Corporation to ensure the integrity of these systems;
7. developing position descriptions and terms of reference for the Board, the President and Chief Executive Officer and the committees of the Board; and
8. ensuring that Directors may hire outside advisors, at the expense of the company, in appropriate circumstances.

The Board holds regular meetings. Additional meetings are held to address special items of business. The frequency of meetings, as well as the nature of agenda items, changes depending upon the state of the Corporation's affairs and in light of opportunities or risks which the Corporation faces. On average the Board has met between nine and ten times per year during the past five years.

Board Composition

National Instrument 58-101 requires the Corporation to identify which directors are independent and which are not independent as defined in MI 52-110. National Policy 58-101 recommends that a majority of the Board be independent to the Corporation. The Policy uses the term independent director to mean a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the Corporation, other than interests and relationships arising from shareholding.

The Board has concluded that two of the seven directors, Messrs. Fasel, Forrest and Liverant, are independent directors within the meaning of the NI 58-101 definitions. In reaching these conclusions, the Board has examined the factual circumstances of each director and has considered any interests and business or other relationship that any director may have with the Corporation. Mr. S. E. Hayden is a related director by virtue of his position as the President and Chief Executive Officer of the Corporation and Mr. J. Johnstone is a related director by virtue of his position as an employee of the Corporation until September 30, 2006 and since then has provided consulting services to the Corporation. Mr. Harvey was an employee of the Corporation until December 31, 2005 since then he has provided consulting services to the Corporation and is thus a related director. Similarly Messrs Jonsson and Pardoe have respectively provided legal and consulting services to the Corporation and are thus related directors. The Board believes that the extensive knowledge of Messrs. Hayden, Johnstone, Jonsson and Harvey of the Corporation's business is beneficial to the other directors and their participation as directors contributes to the effectiveness of the Board. The Board further believes that the business knowledge and experience, particularly in the context of activities in Southern Africa, brought by Mr. Pardoe is most valuable to the other directors and to the Corporation as a whole.

Caledonia's Board members consider that the Board's current composition is efficient and appropriate considering the extent of the Corporation's activities and the location of the properties on which most of its activities are conducted.

The Board determines each year the number of directors to be elected at the annual general meeting. Under the articles of the Corporation, the number of directors of the Corporation must be at least three.

The Board is aware of the need to use independent judgement in carrying out its duties. The independent directors do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. The Chairman of the board of directors is mandated to "Ensure the Board has the opportunity to meet separately without management present"; he does this by enquiring at each board meeting if any independent directors wishes such a meeting.

The board has adopted a Charter of the Board of Directors which is attached to this Circular as Appendix B.

The Corporation does not have a significant shareholder, defined in the TSX Report as a shareholder with the ability to exercise a majority of votes for the election of directors.

Position Descriptions and Charters

The board has developed a written position description for the Chairman of the Board, but does not have written position

descriptions for the chairmen of each board committee. The Board has adopted committee charters for the Audit, Compensation, Corporate Governance and Nomination committees, these charters outline the responsibilities of each committee and the reporting responsibilities of the committee chairman.

The board has developed a written position description for the C.E.O.

Board Committees

The Board of Directors has five standing committees: the Audit Committee, the Compensation Committee, the Corporate Governance Committee, the Nominating Committee and the Disclosure Committee. The Board has established a policy to strive to implement the recommendations of National Policy 58-101 wherever possible and practical.

Audit Committee

The Audit Committee, comprised of Messrs. Forrest, Fasel and Liverant – and chaired by Mr. Forrest – is comprised of independent Directors. The members of the Audit Committee, the internal accounting staff and the external auditors have unrestricted direct access to, and communication with, each other to assist them in carrying out their respective duties. The Audit Committee is responsible for reviewing and making recommendations to the Board on:

1. financial statements and the related reports of management and external auditors;
2. accounting and financial reporting procedures and methods;
3. internal audit procedures and reports, and matters relating to external auditors, including the appointment and terms of engagement of external auditors and their reports relating to accounting, financial and internal audit matters.

The Board adopted a “Charter of the Audit Committee” which is to be reviewed annually. A copy is attached as Appendix “B” on the Corporation’s website.

Compensation Committee

The Compensation Committee is currently composed of three related and one independent directors. The Board believes that the participation of Messrs. Hayden, Jonsson and Pardoe the related directors, is important to the business of this committee. Mr. Pardoe was appointed to this Committee, which he chairs, on his appointment to the Board in 2005. The Committee is responsible for making recommendations to the Board on:

1. Compensation and bonuses of the Executive Directors
2. Compensation of officers and senior employees of the Corporation, including stock option incentives;
3. Succession planning for officers of the Corporation;
4. Recommend candidates for appointment as officers;
5. Review and approve any employment contracts and other individual financial arrangements for senior management.

No compensation consultant or advisor has been retained to assist in determining compensation for any of the Company’s directors or officers since January 1, 2005.

The Charter of the Compensation Committee can be viewed on the Company’s website.

Corporate Governance Committee

The Corporate Governance Committee is currently composed of one independent and three non-independent directors. The Board believes that the participation of Messrs. Hayden, Jonsson and Pardoe, the related directors, is important to the business of this committee. Mr. Pardoe brings considerable corporate governance experience to this Committee which he chairs. Mr. Jonsson has served on the committee for several years, including a period as an independent director. The Committee has general responsibility for developing the approach of the Corporation to matters of corporate governance, which includes the responsibility for:

1. assessing, at least annually, the effectiveness of the Board as a whole and the committees of the Board;
2. reviewing annually the mandates of the Board and its committees and making recommendations for change;
3. recommending procedures to permit the Board to function independently from management;

4. seeing to the adequacy of the orientation and education programs for new members of the Board;
5. determining annually which directors should be considered to be unrelated directors, and recommending such determination to the Board;
6. preparing annually and recommending to the Board a “Statement of Corporate Governance Practices”; and
7. overseeing the Corporation's policy for communications with shareholders, the investment community, the media, governments and the general public

The Charter of the Corporate Governance Committee can be viewed on the Company’s website.

Nominating Committee

The Nominating Committee was composed of Messrs. Pardoe and Fasel. The Committee, which is chaired by Mr. Pardoe, is responsible for:

1. identifying prospective nominees for the Board and recommending them to the Board; and
2. establishing criteria for Board membership and retirement therefrom.

The board has adopted a Charter of the Nominating Committee which can be viewed on the Company’s website.

Disclosure Committee

The Disclosure Committee is responsible for the establishment and maintenance of controls and procedures to ensure that all required disclosures are made accurately and on a timely basis in satisfaction of applicable Canadian securities laws. The Committee is comprised of Stefan Hayden, Carl Jonsson and the Company’s Chief Financial Officer.

A Disclosure Controls Policy dated February 10, 2006, pursuant to which the Disclosure Committee was established and functions can be viewed on the Company’s website.

Decisions Requiring Board Approval

As part of the Board's responsibility for the strategic planning process of the Corporation, the Board considers and, where appropriate, adopts the goals of the business that are proposed by Management and the strategies and policies within which the Corporation is managed. Management is required to seek the approval of the Board for material deviations, financial or otherwise, from the approved business goals, strategies and policies of the Corporation.

Ethical Business Conduct

In April 2004 the Board adopted a written Code of Business Conduct and Ethics for the directors, officers and employees. The Code of Business Conduct and Ethics can be viewed on the company website.

The company does not monitor compliance with its code, but from time to time satisfies itself regarding compliance with the code. There has been no material change report filed since January 1, 2005 pertaining to any conduct of a director or executive officer that constitutes a departure from the code.

Shareholder Feedback

It is the Corporation's policy that communications with shareholders, the investment community, the media, governments and the general public are handled by the CEO through the South African office located in Johannesburg.

Expectations of Management

The Board requires management to keep the Board informed in a timely and candid manner of the progress of the Corporation towards the achievement of its established goals, and of any material deviations from such goals and from corporate strategies and policies approved by the Board.

Orientation & Continuing Education

The board takes the following steps to orient new directors:

- i. By using the board and committee charters described above, together with verbal discussion, to describe the role of the board, its committees and its directors.
- ii. Providing updates, at least quarterly, of the company's operations and activities
